# IN-PREP

TTX & DEMOS

www.IN-PREP.eu   @INPREP_EU

IN-PREP aims to:

- Integrate civil protection agencies' Coordination, Command and Control Systems

- Develop interoperability within the training platform which can be used for response

- Enhance training sessions with real and simulated data - increasing collaboration towards a dynamic Common Operational Picture

- Increase effectiveness of planning operations through better situational understanding

Join us as we test the IN-PREP training platform on customised table top and computer assisted exercises and demonstrations -TTX and Demos
